

# SOFT TOUCH MATTE

*FEEL* THE DIFFERENCE

REQUEST A  
SAMPLE TODAY!

## Soft Touch Matte PET Film

- Luxuriously soft haptic feel
- Superior scuff, scratch, and burnishing-resistant properties
- Excellent ink and adhesive adhesion
- Extra-low gloss matte opaque finish prevents a glaring surface and washed-out graphics
- Low opacity finish allows for highly accurate color matching
- Reversible haze and gloss level with vendor-specific spot OPV

## Technical Info

- 48 gauge polyester film  
92 - 200 gauge available
- Available in other film types and thicknesses: PVdC PET (50 gauge), PCR PET, Nylon (60 gauge), MDOPE (90 gauge, 1.5 mil)
- Available in various web widths and lengths
- SQF and ISO certified

## Applications

- Snack food packaging
- Consumer goods packaging
- Confectionary goods packaging
- Pet food packaging
- Book & magazine covers
- Nutraceutical packaging
